

Global Finance Names The Safest Banks In Latin America 2017

NEW YORK, September 6, 2017 — *Global Finance* has named the Safest Banks in Latin America in an exclusive survey to be published in the November 2017 issue as part of the publication's 26th annual ranking of the World's Safest Banks.

Chilean banks dominate the list once again this year, taking the top 4 positions, and Mexican banks are the most heavily represented, with five in the top ten.

The full report includes the following rankings: World's 50 Safest Banks, World's 50 Safest Commercial Banks, Safest Banks by Country, 50 Safest Banks in Emerging Markets, Safest Islamic Financial Institutions in the GCC, and Safest Banks by Region (Africa, Asia, Australasia, Central & Eastern Europe, Latin America, Middle East, North America and Western Europe).

"Banks in Latin American have faced renewed pressure this year as economic slowdowns in several countries have raised the level of economic uncertainty. Our ranking of the Safest Banks in the region showcases banks that have built solid foundations—offering security and stability in this rapidly changing environment—and provides a consistent tool for comparing institutional strength within the region," said *Global Finance* publisher and editorial director Joseph D. Giarraputo.

Banks were selected through an evaluation of long-term foreign currency ratings—from Moody's, Standard & Poor's and Fitch—and total assets of the 500 largest banks worldwide.
