

Global Finance Names The Innovators 2017 - Foreign Exchange

NEW YORK, April 24, 2017 - *Global Finance* magazine has announced The Innovators 2017 - Foreign Exchange. This is the publication's third annual listing of foreign exchange banks and services firms that have devised breakthrough products and enhanced services that are transforming how companies implement complex FX strategies and limit currency risk.

The Innovators 2017 - Foreign Exchange list will be published in *Global Finance's* 30th Anniversary issue, in June 2017, which will focus on thirty years of innovation in the financial industry. In addition to Foreign Exchange, *Global Finance's* editors will recognize innovation in Corporate Finance, Transaction Services, Trade Finance and Islamic Finance.

"The foreign exchange sector relies on global networks to supply data across borders in real time. This critical need has been recognized and is at the forefront of global fintech innovation efforts," said Joseph Giarraputo, publisher and editorial director of *Global Finance*. "Forex innovations are progressing at a lightning pace."

All selections were made by the editorial board of *Global Finance*. In evaluating those banks and service providers that stand out for their transformative products and solutions, the board considered nominations and submissions, key research and the input of experts. The OECD's Oslo Manual of Innovation was referenced when considering firms for inclusion.
