

Global Finance Names The Innovators 2017 - Islamic Finance

NEW YORK, April 24, 2017 - *Global Finance* magazine has announced The Innovators 2017 - Islamic Finance. This is the publication's second annual listing of sharia-compliant financial institutions and service providers that have fully recognized the critical importance of product and service innovation together with technology enhancement and investment.

The Innovators 2017 – Islamic Finance list will be published in *Global Finance's* 30th Anniversary issue, in June 2017, which will focus on thirty years of innovation in the financial industry. In addition to Islamic Finance, *Global Finance's* editors will recognize innovation in Corporate Finance, Foreign Exchange, Trade Finance and Transaction Services.

"Islamic finance is no stranger to innovation," said Joseph D. Giarraputo, publisher and editorial director of *Global Finance*. "We honor companies on both the finance and tech sides that are working to improve the infrastructure, banking and financing solutions that Islamic institutions and customers desire."

All selections were made by the editorial board of *Global Finance*. In evaluating those banks and service providers that stand out for their transformative products and solutions, the board considered nominations and submissions, key research and the input of experts. The OECD's Oslo Manual of Innovation was referenced when considering firms for inclusion.
