

Global Finance Names The Innovators 2017 - Transaction Services

NEW YORK, April 24, 2017 - *Global Finance* magazine has announced The Innovators 2017 - Transaction Services. This is the publication's fifth annual listing of global firms that are engendering innovation in treasury and transaction processing.

The Innovators 2017 – Transaction Services list will be published in *Global Finance's* 30th Anniversary issue, in June 2017, which will focus on thirty years of innovation in the financial industry. In addition to Transaction Services, *Global Finance's* editors will recognize innovation in Corporate Finance, Foreign Exchange, Islamic Finance and Trade Finance.

"New developments in transaction services are giving decision-makers more granular detail at a faster pace, facilitating strategic thinking," said Joseph D. Giarraputo, publisher and editorial director of *Global Finance*. "Of course, greater speed and efficiency are valued, but it is business intelligence that delivers the greatest value."

All selections were made by the editorial board of *Global Finance*. In evaluating those banks and service providers that stand out for their transformative products and solutions, the board considered nominations and submissions, key research and the input of experts. The OECD's Oslo Manual of Innovation was referenced when considering firms for inclusion.
