

Global Finance Names the Best US Regional Banks for 2023

NEW YORK, May 4, 2023 – *Global Finance* has announced its selections for the Best US Regional Banks for 2023. A full report will be published in the June print and digital editions of *Global Finance* as well as online at GFMag.com.

“Since the failure of a few high-profile banks, US regional banks have faced increased scrutiny by clients and investors,” said Joseph D. Giarraputo, founder and editorial director of *Global Finance*. “This year’s awards recognize those regional banks that demonstrate reliability while providing a broad range of services.”

These awards are part of *Global Finance*’s 30th Annual Best Bank Awards. The May edition of *Global Finance* featured winners from more than 150 countries and territories as well the World’s Best Banks by Region and the Best Islamic Financial Institutions.

All selections were made by the editors of *Global Finance* after extensive consultations with corporate financial executives, bankers and banking consultants, and analysts throughout the world. In addition, banks were invited to submit entries supporting their selection, but entries were not required for consideration.

In selecting these top banks, *Global Finance* considered factors that ranged from the quantitative objective to the informed subjective. Objective criteria considered included: growth in assets, profitability, geographic reach, strategic relationships, new business development and innovation in products. Subjective criteria included the opinions of equity analysts, credit rating analysts, banking consultants and others involved in the industry.
