

Global Finance Announces its 30th Annual Best Bank Awards and Names the Best Banks in North America for 2023

NEW YORK, March 21, 2023 – *Global Finance* has announced its 30th annual awards for the World’s Best Banks. The honorees for the Best Banks in North America are presented here. The overall Best Bank in North America is Bank of America.

A full report on the selections will appear in the May print and digital editions of *Global Finance* as well as online at GFMag.com. Winners have been chosen in more than 150 countries and territories across Africa, Asia-Pacific, the Caribbean, Central America, Central & Eastern Europe, Latin America, the Middle East, North America and Western Europe. The May report will also feature selections for the Best Islamic Financial Institutions and the World’s Best Banks by Region. In addition, *Global Finance* will name and announce the Best Banks by US Region in the near future.

“As the banking crisis spreads from the US to other regions, identifying the best banks regarding services, stability and institutional knowledge is more important than ever,” said Joseph D. Giarraputo, founder and editorial director of *Global Finance*. “This year’s Best Bank Awards recognize the financial institutions that offer the broadest range of services as well as the reliability required for long-term financial relationships.”

In selecting these top banks, *Global Finance* considered factors that ranged from the quantitative objective to the informed subjective. Objective criteria considered included: growth in assets, profitability, geographic reach, strategic relationships, new business development and innovation in products. Subjective criteria included the opinions of equity analysts, credit rating analysts, banking consultants and others involved in the industry.

All selections were made by the editors of *Global Finance* after extensive consultations with corporate financial executives, bankers and banking consultants, and analysts throughout the world. In addition, banks were encouraged to submit entries supporting their selection. The winners of this year’s awards are those banks that attended carefully to their customers’ needs in difficult markets and accomplished strong results while laying the foundations for future success. Winning organizations managed their assets and liabilities in a savvy way in light of the fast-changing interest rate scenarios.

The overall Best Bank in the World will be announced in the summer and published in October, along with the Best Global Banks in more than a dozen key categories.
