

## Global Finance Names the World's Best Corporate/Institutional Digital Banks 2025 Sub-category Winners in Latin America by Country, in Partnership with Infosys

NEW YORK, August 7, 2025 – Global Finance has announced the Round I winners for the 2025 World's Best Corporate/Institutional Digital Bank Awards in Latin America. This is the 26th year Global Finance has named the World's Best Digital Banks. Details on all Round I winners will be published in the September print and digital editions as well as online at GFMag.com. Round I winners include the Best Consumer Digital Banks, the Best Corporate/Institutional Digital Banks, and the Best Islamic Digital Banks.

This press release covers the Corporate/Institutional Sub-category winners in Latin America by Country. A separate press release listing the Best Corporate/Institutional Digital Banks by Regional Sub-category and overall winners by Country is available on GFMag.com.

Round I winners are eligible for consideration in Round II. Round II honorees, which include the overall Regional and Global winners, and the Global Sub-category winners, will be revealed at Global Finance's 2025 World's Best Digital Banks Awards Ceremony and Forum on October 7 at London's landmark 8 Northumberland Avenue. A full report on the Round II winners will be published in the December print and digital editions, as well as online at GFMag.com.

Winners were chosen from entries evaluated by a world-class panel of judges at Infosys, a global leader in consulting, technology, and outsourcing. The editors of Global Finance were responsible for the final selection of all winners.

Only banks that entered the competition were considered for awards, and awards were only given in those categories, regions, and countries in which there were entries.

Winning banks were selected based on the following criteria: strength of strategy for attracting and servicing digital customers, success in getting clients to use digital offerings, growth of digital customers, breadth of product offerings, evidence of tangible benefits gained from digital initiatives, and web/mobile site design and functionality. Sub-category winners were selected based on the relative strength and success of their web products and services.

"As digital banking continues to evolve at a rapid pace, financial institutions around the world are embracing AI, cloud technology, and mobile-first strategies to deliver seamless, secure, and highly personalized experiences," said Joseph D. Giarraputo, founder and editorial director of Global Finance. "The winners of Global Finance's 2025 World's Best Digital Bank Awards exemplify the innovation and leadership shaping the future of banking."
